

**UNLEASHED
CLIMBING**

INSPIRED BY MOVEMENT

**AUTHORISED
HOLDS PRODUCER**

Unleashed Climbing

Unleashed is the product of Will Watkins' vision of how route setters and climbing holds create movement patterns.

Will began shaping his first holds and route setting in the UK in the mid 90s to fill a gap at the gym he worked at.

*Fast forward to 2016 and **Unleashed Climbing** was born from the same passion and motivation that drives Will today.*

*With **Unleashed Climbing**, Will wants setters to be able to create their own movements with holds and macros that feel good and have an aesthetic appeal.*

2023 saw the IFSC include Unleashed in the Authorised hold supplier for World Cups and IFSC events. Our debut at the Hachioji world cup in the Womens final 4 boulder capped off several Japan Cup appearances in both boulder and lead. A strong showing of Unleashed at the Briancon lead World Cup was the 2023 season highlight.

We invite you to enter into a world Unleashed and experience our passion for free movement
