Brand Introduction

BRAND MESSAGE

KEEP BREATH HOLDS

Founded in December 2020.

The name "Keep Breath" literally translates to "maintain breathing". In rock climbing, tackling any climbing route requires maintaining a proper breathing rhythm to control one's body and execute appropriate climbing movements. With this in mind, I aim to create climbing holds that can "breathe"—to endow each hold with a sense of life, allowing every climber to maintain a steady breathing state while climbing.

This is the source of inspiration behind the design of Keep Breath Holds.

Main Products

MAIN PRODUCT

KeepBreath Holds Climbing Hold Manufacturing Center is a professional entity specialized in integrating design, development, manufacturing and sales of climbing holds.

Main products :

PU Shaped Climbing Holds

FRP Shaped Climbing Holds

Wooden Climbing Holds

KB series

KB Family

brand owner

BRAND MANAGER

The famous basketball superstar Kobe Bryant once talked about what Los Angeles looked like at 4 a.m. He believed that only with great talent, hard training, and consistent efforts day after day could one have the chance to realize their dreams.

Someday, when Keep Breath Holds climbing holds fulfill its dream, it will surely tell you: "I have seen Liu Tianci at 4 a.m. through countless days and nights."

In the summer of 2012, when I first entered school, I saw a climbing wall for the first time—and also saw someone climbing for the first time. Watching my seniors and sisters "dance" on the rock wall, sweating freely, I knew at that moment that I had fallen in love with rock climbing. To this day, rock climbing has become an important part of my life, a "family member" I will never give up for the rest of my life.

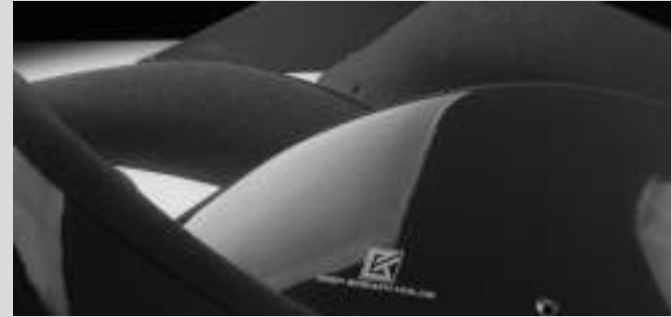

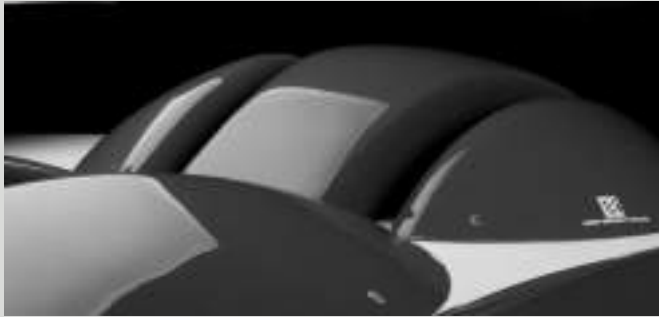

Devote a lifetime to perfecting a single climbing hold.

USE A LIFETIME TO DO FULCRUM

Design concept

DESIGN CONCEPT

1.

Balancing the friction of the hold, while also reconciling the contradictory relationship with the grip feel.

2.

Balancing the aesthetic enhancement of a hold' s shape, while also resolving the contradictory relationship with the hold' s functionality

3.

Balancing the reduction of a hold' s weight and the contradictory need to maintain its strength.

Xingtian

刑天

The background consists of several overlapping, wavy pieces of a textured purple fabric. Each piece has a small, square logo with a stylized 'K' and the text 'KEEP BREATH WOLDS' printed on it. The pieces are arranged in a way that creates a sense of depth and movement.
